Balance: Shows current credit balance + Add Funds button

Notifications Tab — Individual Toggles

New Messages: When you receive a new chat message

Message sound: Play a sound for incoming messages

Order accepted: When a creator accepts your order

New submissions: When new submissions are received

Campaign applications: Daily digest of new campaign applications

Cancel requests: When a cancellation request is made

Order declined/expired: When an order is declined or expires

13. Lists (/lists)

URL: <https://collabstr.com/lists> | Save and organise influencers into lists

Header: 'Lists' heading + 'Explore Influencers' button

Empty state: 'Your saved influencers will be displayed here. To add an influencer to a list, click the save button on their profile.'

When populated: shows saved influencer cards organised into user-created lists

14. Team Management (/team/)

URL: <https://collabstr.com/team/> | Manage your team in one place

Header: 'Your Team' + 'Invite Member' button + Search bar

Team Members Table Columns

- Name
- Status (Active badge with green dot)
- Role (Owner / Admin / Member)
- Email address

15. Referrals (/referrals)

URL: <https://collabstr.com/referrals>

Hero: 'Earn \$20 Cash for Every Brand You Refer to Collabstr'

Referrer gets \$20. Referred brand gets \$10 towards first order.

Stats Row

- Total Referrals: 0
- Total Commission: \$0.00

How It Works (3 Steps)

- Step 1: Share Your Referral Link
- Step 2: They Join Through Your Link
- Step 3: You Get \$20, They Get \$10

16. Cart Side Drawer

Triggered by cart icon in top nav.

Empty State

'Your cart is empty' + 'Discover Influencers' button

Summary Section (when items present)

- Subtotal
- Projected Spend (with tooltip — based on acceptance rates)
- Estimated Results: X Influencers reached, \$X Spend
- Payment Protection notice: 'If an order is declined, funds will be refunded'

17. Notifications Side Panel

Triggered by bell icon in top nav.

Panel Header

- "Notifications" heading
- "More options" button → Notification Settings / Mark all as read
- Close button

Notification Feed

List of recent notifications with avatar/icon, text description, and timestamp.

Types: order accepted, new messages, campaign applications, etc.

18. Support & FAQ

Support URL: <https://collabstr.com/support> | FAQ URL: <https://collabstr.com/faq>

Support Page

- Warning banner: 'Beware of scams — Collabstr will never contact you on Telegram or WhatsApp'
- Two option cards: View Knowledge Base + Submit a Ticket
- Live Chat Widget (bottom-right): 'Questions? Chat with us.'

FAQ — For Influencers

- How does Collabstr work?
- How do I get paid?
- How much does it cost? (15% transaction fee)
- Is my payment guaranteed?
- Can I decline orders?
- What platforms does Collabstr support?
- What countries does Collabstr support?
- Are there binding contracts?
- Are you an agency?

FAQ — For Brands

- How does Collabstr work?
- What is Collabstr?
- Can Collabstr manage an influencer campaign for me?
- How are influencers vetted?
- How does shipping work?
- How do I send custom offers?
- How long does an influencer have to accept my order?
- What if an influencer declines my order?
- How do I know I will receive the work I paid for?
- What types of payment do you accept? (Stripe — all major credit/debit cards)

19. Profile Completion Onboarding (/complete-profile)

URL: /complete-profile?s=1 to s=5 | 5-step onboarding for new brand users

Left Column (All Steps)

Animated illustration: floating influencer profile photos connected by dotted lines

"350,000+ creators ready to work with you"

Step 1: Goal

Options: Get regular content for my brand · Run an influencer marketing campaign · Just exploring

Step 2: Business Type

Options: E-commerce · Website · App · SaaS · Technology · Creator · Personal Brand · Local Business · Agency · Something Else

views, likes, comments, engagements, engagement_rate, tracked_at

List (Saved Influencers)

id, brand_id, name, influencer_ids[]

Team Member

id, account_id, user_id, email, role: owner | admin | member, status: active | pending

Referral

id, referrer_id, referred_user_id, commission, status, created_at

India-Specific Improvements Over Collabstr

The following features are missing from Collabstr but are essential for the Indian market:

■ Pricing Throughout	All prices displayed in Indian Rupees, not USD
UPI / Razorpay Payment	UPI, Net Banking, Cards via Razorpay instead of Stripe
GST Invoice Generation	Auto-generated GST-compliant tax invoices for every transaction
Regional Platform Support	Moj, ShareChat, Josh, Chingari in addition to Instagram/YouTube
Language Filter	Filter by content language: Hindi, Tamil, Telugu, Kannada, Bengali, Marathi etc.
Vernacular Content Badges	Badge indicating regional/vernacular content creators
Influencer Tier Labels	Nano (1K-10K), Micro (10K-100K), Macro (100K-1M), Mega (1M+) in Indian context
Whistle-Blower System	Influencer reports bypass attempt → gets platform credit reward
Non-Circumvention Contracts	12-month lockout clause auto-generated on every deal
Contact Masking	Instagram handles masked until escrow funded — prevents off-platform bypass
Message Regex Filter	Auto-detects and redacts phone numbers, UPI IDs, @handles in chat
Escrow via Razorpay Route	Indian-native escrow using Razorpay Route — not Stripe
Fake Follower Score Free	Displayed publicly on every profile, not paywalled like Collabstr
72hr Auto-Approve	Content auto-approved if brand doesn't respond in 72 hours
Audience City Filter	Filter by Indian city (Mumbai, Delhi, Bangalore, etc.)
